Whiteboards

*Standard & Custom
Sizes Available*

For a whiteboard with unparalleled durability, longevity, and ease of maintenance, porcelain ceramic is the surface of choice for classrooms around the world.

At Okaply, we are proud to build boards of the highest quality.

- Full laminate sandwich construction ensures a properly balanced panel.
- Punched and bent corners leave no sharp miter cuts
- 3D printed end caps for pen trays and map rails ensure no exposed cut trim edges.
